

A GUIDEBOOK FOR ALL PROFESSIONALS A PASSPORT FOR ALL STUDENTS

Dear Colleague,

ESSP wants you to know who we are. We are professionals from every corner of Oklahoma Careertech. We are not simply special education providers. We are auto body instructors, site directors, surgical tech instructional assistants. In short, we are you.

We need you to join us as a member of the ESSP Division. Why? We are short on members, and this makes us short on the ability to provide quality education services resources from and to all areas of careertech. Help us continue as a division, providing for the students we all serve.

Only in part. We also focus on many other groups under the 'special' banner.

But, isn't your focus on students with disabilities?

WHO DOES

ESSP

SERVE

- ECONOMICALLY DISADVANTAGED STUDENTS
